Education

2003 – 2013 **Primary school** (Åsaskolan)

2013 – 2016 **Technical High school** (Elof Lindälvs Gymnasium)

2016 – 2018 **Gap-year** (Worked in Sweden and went to New Zealand)

2018 – 2020 **Computer Graphics Design** (Yrgo Lindholmen)

Prior jobs

2014 – 2015 (*Summers*) **Fjärås pepparrot** (Fjärås)

During the time I spent working in the fields endurance was my main-companion. It was here that I realised I feel the absolute best when working to my fullest potential.

2016 – 2017 (*Summers*) **Åsa Glasscafé** (Åsa centrum)

I was taught the art of salesmanship and quickly realised the importance of providing good service for the customers.

2017 **McDonalds** (Onsalamotet)

I developed a skill for working under pressure and thoroughly enjoyed working as a unit. It was without a doubt the most demanding job I've had till this day. But it is also the place where I've gained the most experience in terms of self-confidence, work-ethics and efficiency.

2018 **Willys** (Hede)

As with my prior jobs a vital skill at Willys was efficient communication. It was important that we knew what everyone around us were doing at any given time. What I enjoyed most was that every day presented a unique challenge which kept things interesting.
